

Better Learning by Design

# Vision

Every child to be empowered to become a **creator**, **innovator** and **problem solver**, so they can **make** their world better.

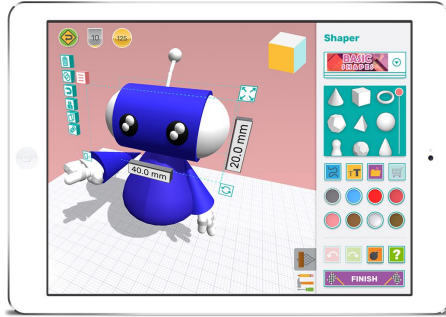

# Mission

Develop children's **creative confidence** and **design thinking skills** with our fun and easy to use 3D design software.

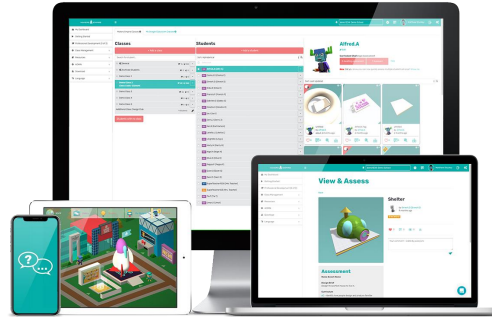

# Product

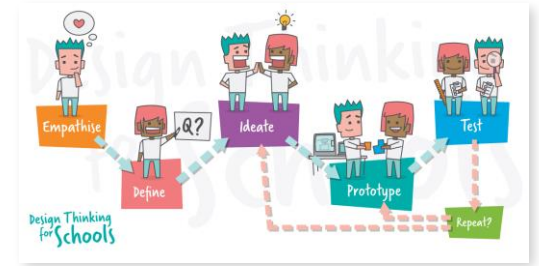

## Makers Empire 3D

World's most fun and easy to use 3D design software

## Teacher Dashboard

Online professional development, class management tools, and teaching resources

## Learning by Design course

Blended professional learning program on maker pedagogy and design thinking for groups of 10+ schools

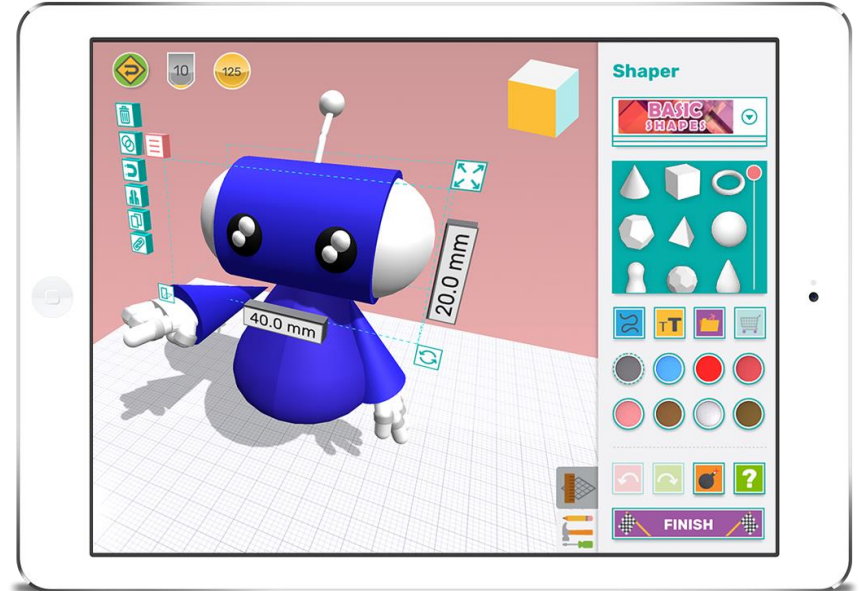

# What is Makers Empire 3D?

Makers Empire 3D is the only 3D design tool built **specifically for children**, from the ground up.

But it is much more than 3D design software. It is an **immersive, fun and safe learning environment**.

Children of all skill levels are motivated to create, learn, collaborate and share.

Progress and rewards are linked to effort, mastery of new skills and participation in positive interactions.

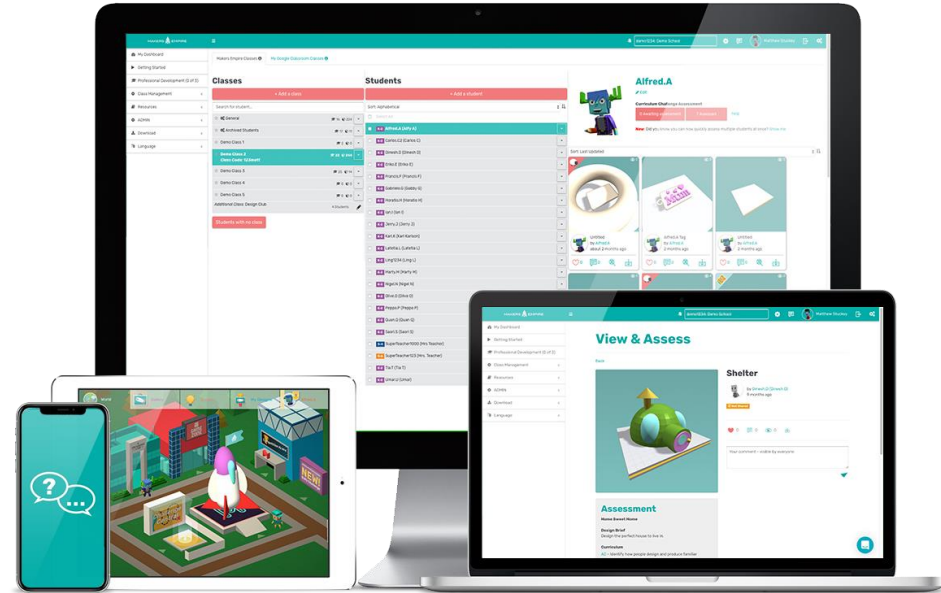

# What is the Teacher Dashboard?

We make teachers' daily life easier with effective class management tools.

We empower teachers with accredited professional development.

We support teachers with practical, proven teaching resources.

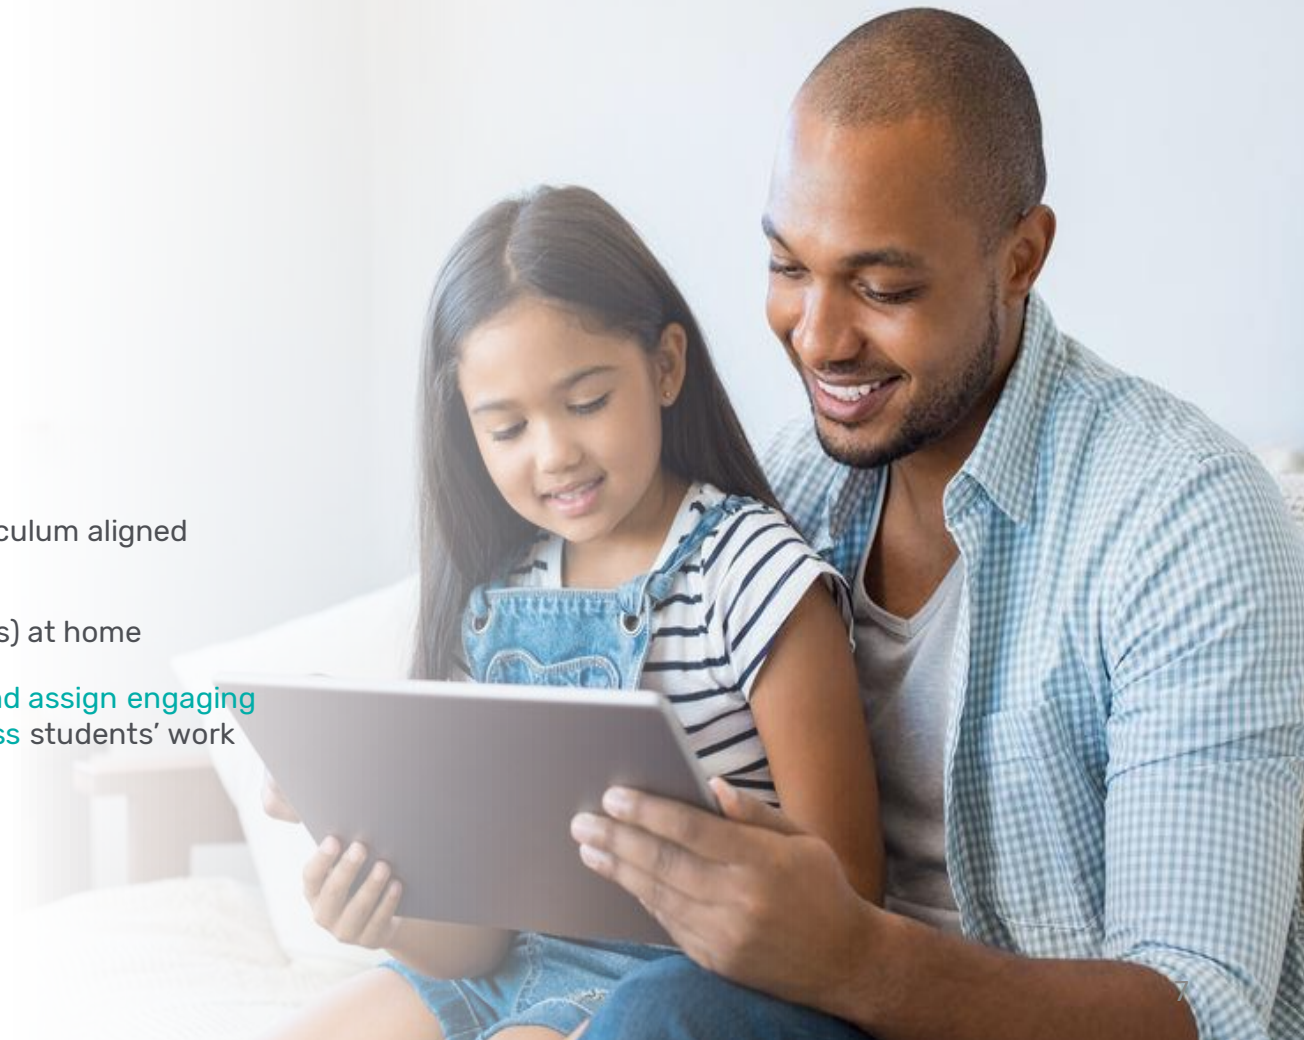

# Online Learning

Learning at Home course with 90+ curriculum aligned design missions

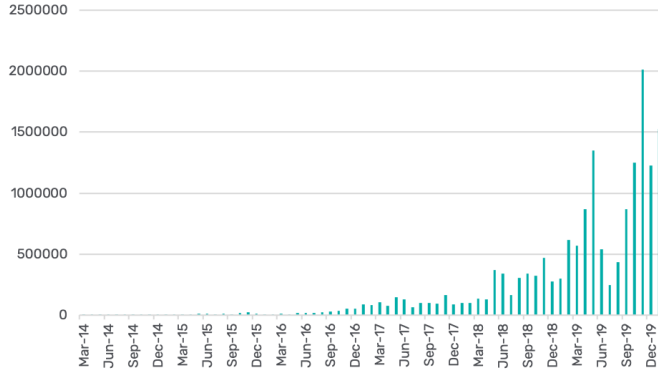

Easy to access for students (and parents) at home

Quick and easy for teachers to create and assign engaging learning tasks, leave feedback and assess students' work online.

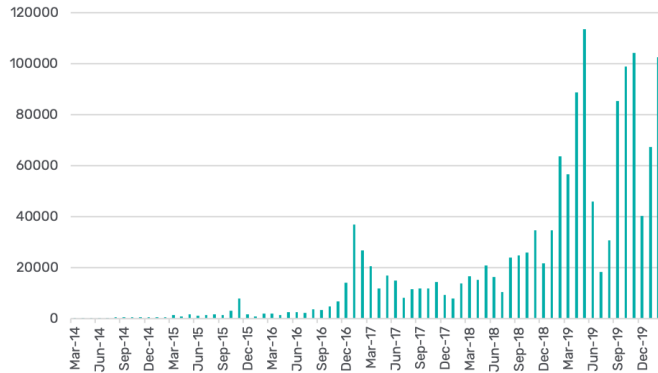

# Traction

3D designs / month

Users / month
