better business decision making.

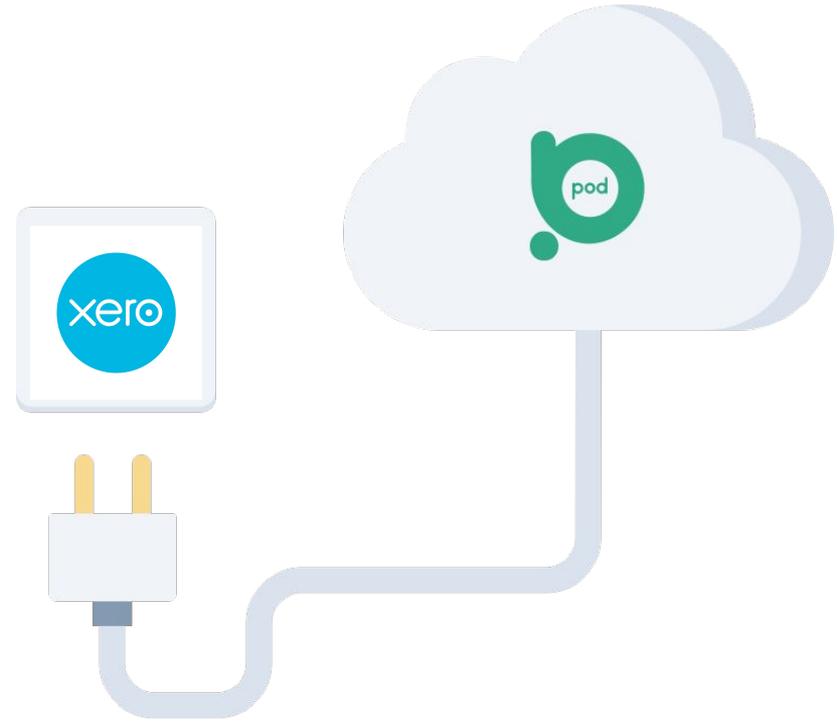

Government connect
Connecting small businesses and
their advisors with Government

**Who is educating this business ecosystem
“at the speed of thought” - (Bill Gates 1999)?**

Industry & regulators globally are calling for digital skills.

In business, we've **collaborated** across Cloud Accounting Platforms for more than a decade. Now education technology must provide dynamic teaching and learning solutions for the learner needs of the digital age!

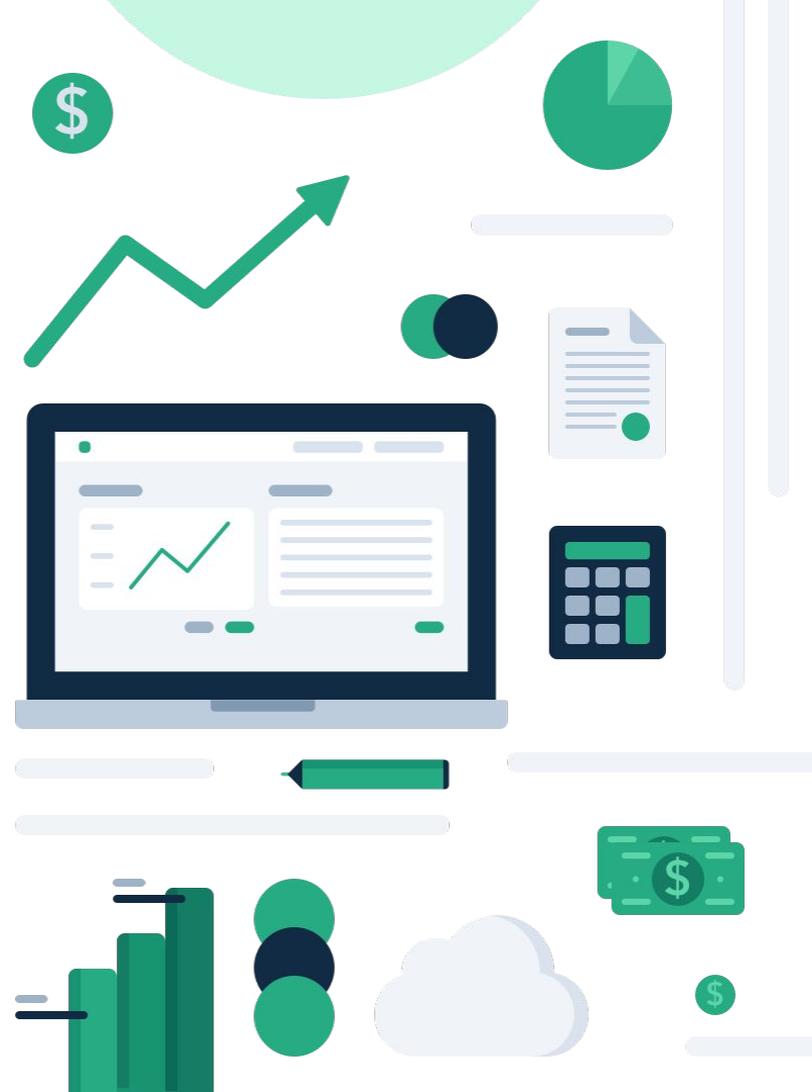

Welcome AccountingPod!

We have delivered online to 1,000s of students deploying millions of data point unique support, while they get *hands on* with cloud accounting!

We are well placed to deliver curriculum aligned solutions for:-

- Integrated learning
- Authentic assessment
